ABOUT MOUNT CARMEL COLLEGE OF NURSING

www.mccn.edu
it all begins
at Mount Carmel

- Your personal and academic growth is our top priority
- You'll feel comfortable in our family atmosphere and encouraged by specialized academic assistance
- You'll be supported by our approachable, knowledgeable, and highly credentialed faculty
- Your academic and retention rates are among the highest in the state

One-on-One Academic Assistance
- Students in College require private academic improvement and development
- Highly successful Learning Trajectory program assists students of varied cultural backgrounds by advancing academic, personal and professional growth through intensive consultation

“I came to MCCN to pursue a nursing career in obstetrics. I loved the OB clinicals. I could see myself working Obstetrics for a very long time.”

Diversity: A hallmark of the Mount Carmel experience
- Welcoming students of diverse backgrounds (males, transfers, employed students, older students, etc.)
- Celebrating individual needs and strengths
- Pursuing your degree alongside students from a wide range of backgrounds, ages, and cultures
- Extending beyond the cultural richness on campus—outreach programs of cultural immersion, including a Native American reservation in Mexico

Imagine living in a stylish apartment just a few minutes’ walk from class and the library; a short drive to restaurants and events in downtown Columbus; and surrounded by classmates to socialize and study with.

Live adjacent to the College in our recently constructed apartment style complexes. Each unit is fully furnished with modern amenities and can be individualized to reflect resident’s personal tastes. Options include a 10 or 12 month leasing plan. Cost of on-campus living is $450 per student per month (utilities (heat, water, electric) included).

On Campus Dining choices: Students may elect to purchase a meal plan and eat at Mount Carmel East, West, and St. Ann’s campus cafeteria. Other on campus choices are Wendy’s and Tim Hortons.

Visit us at www.mccn.edu

Provided at no extra charge in each apartment:
- Living room with sofa, chairs, and end table
- Dining area with table and chairs
- Kitchen with refrigerator, stove, microwave, dishwasher and garbage disposal
- Laundry room with washer/dryer
- Two bedrooms with two beds, two desks, and two dressers per room
- Two full bathrooms
- Blinds on all windows
- Central air-conditioning
- Cable television
- Wireless internet capabilities
- Telephone jack
- Security System

Conveniently nearby:
- Free garage and surface lot parking
- Exercise facility
- Recreation room
- Study lounge
- Library

First and second year undergraduate pre-licensure full-time and part-time students who live outside a 50-mile radius are required to live on campus. A $200 deposit is required.

“T’m living the dream at Mount Carmel. With a coffee from Java Jolt, I meet my study group at the library. The hospital is right here for clinicals. I work out in the exercise room and hang out with friends on campus!”
Respect for each individual is paramount at Mount Carmel, where lifelong bonds with classmates and personal attention from faculty and staff are part of the college experience. And our co-curricular activities enrich your college experience and build strong friendships.

- Intramural Sports (softball, basketball, soccer, volleyball, etc.)
- Student Government
- SNAM (Student Nurse Association at Mount Carmel)
- Campus Ministry/Outreach
- Student Ambassadors

In all begins at Mount Carmel.
our programs

Bachelor of Science in Nursing (BSN)
Four Year BSN Program: designed for students without previous nursing experience. Year one focuses on general education requirements. Nursing studies begin in the sophomore curriculum, which combines “hands-on” clinical experiences with classroom theory.

Advanced Placement Program (APP): provides for the transfer of very specific non-nursing courses (equivalent to MCCN freshman and sophomore curriculum). When prerequisite course requirements are met, a BSN degree may be obtained in five semesters.

Second Degree Accelerated Program: students with previous college degrees who meet eligibility requirements complete the BSN program in 13 months.

RN-BSN Completion Program: for the registered nurse seeking a BSN.

Master of Science (MS) with three track options:
• Adult Health
• Nursing Education
• Nursing Administration

“We loved our ER nursing class tour of MedFlight to learn about the career of flight nursing.”
It all begins at Mount Carmel Health System (MCHS)/Trinity Health System. A primary Mount Carmel College of Nursing (MCCN) advantage is partnership with a major integrated healthcare delivery system (MCHS), which offers our students the widest possible variety of clinical experiences beginning in sophomore year, as well as healthcare employment and tuition reimbursement opportunities.

Membership in Trinity Health System, a national network of hospitals, outpatient facilities, and nearly 50,000 employees, and ranked among the largest Catholic health systems in the United States, offers employment connections.

The Ohio State University and Columbus State Community College

This partnership enables Mount Carmel students to take the required general education courses at these two nearby institutions.

Mount Carmel College of Nursing at Fairfield Medical Center (FMC)/Ohio University-Lancaster (OUL)

MCCN and FMC collaborate to offer the MCCN nursing program to students in Lancaster, Ohio, and surrounding areas. Students take first-year general education classes at the OUL campus and complete the second through fourth year at Mount Carmel College of Nursing. Students who successfully complete the final five semesters of nursing courses at Mount Carmel are awarded a Bachelor of Science in Nursing (BSN) degree from MCCN.

Additional benefits to MCCN from the ODU partnership are opportunities for our students to participate in ODU’s social, cultural, and athletic activities, including ODU’s strong intramural sports program.

Mount Carmel College of Nursing and Lake Erie College (LEC)

This collaborative initiative offers two innovative accelerated nursing education programs. One allows students to complete a Bachelor of Science (BS) in Biology degree at LEC in 3.5 years and then earn a MCCN BSN degree in 13 months, thereby achieving two degrees in just 4.5 years. The second option called the Second Degree Accelerated Program to Masters Degree, provides achievement of the BS degree in Biology at Lake Erie in four years, followed by the MCCN 13-month BSN—with some master’s courses included. Students then move into the MCCN Master of Science program, including the LEC degree in about six years.

A collaborative agreement between MCCN and Wilmington College (WC) and University of Findlay (UF) offers the MCCN nursing program to a designated number of eligible students from each institution, who are accepted annually into the MCCN program. Students take their general education classes at ODU, UF, or WC, and then complete their final five semesters of nursing courses on the MCCN campus. Students who successfully complete the nursing requirements are awarded a BSN degree from MCCN.

Mount Carmel Health System (MCHS)/Trinity Health System Membership in Trinity Health System, a national network of hospitals, outpatient facilities, and nearly 50,000 employees, and ranked among the largest Catholic health systems in the United States, offers employment connections.

MCHS, which offers our students the widest possible variety of clinical experiences beginning in sophomore year, as well as healthcare employment and tuition reimbursement opportunities.

Additional benefits to MCCN from the ODU partnership are opportunities for our students to participate in ODU’s social, cultural, and athletic activities, including ODU’s strong intramural sports program.
